

## WILSON ASKS CONGRESS FOR AUTHORITY TO BECOME MANDATORY OVER ARMENIA

### DECLARES IT HIS BELIEF THAT PEOPLE OF U. S. FAVOR PROPOSAL

Message Read in Both Branches of Congress  
—Each Referred it to Foreign Relations  
Committees—No Comment by Officials

WASHINGTON, May 24.—Authority to accept for the United States a mandatory over Armenia was asked of congress today by President Wilson. He said he was conscious he was "urging a very critical choice" but that he did so "in the earnest belief that it will be the wish of the people of the United States that this should be done."

The message was read in both the houses but was discussed in neither. Each referred it to its committee on foreign relations.

Some senate Republicans predicted that the message would lie in the senate committee indefinitely.

Senator Lodge, of the senate committee, had no comment to make. In the past, however, he has declared his opposition to a mandate.

Senator Harding, Republican chairman of the committee, which investigated Armenian affairs, said he would never consent to taking a mandate over Armenia and added that he did not think the senate would consent.

Senator Harding is the author of the resolution adopted by the senate congratulating the Armenians on the recognition of their independence and asking the president to send a warship and American marines to Baku.

President Wilson referred to this resolution in his message but senators pointed out that this measure was adopted as a substitute for one by Senator Williams, Democrat, Mississippi, proposing that the United States become the mandatory for Armenia.

Provisions for the mandates over former subject peoples is made in the peace treaty and it is set forth that such mandates shall be executed under the league of nations but since the United States is not a member, administration officials said if congress decided that the United States should act for Armenia, the treaty provisions would be waived in this case.

The question of mandate over Armenia was discussed in the report of the American mission to Armenia, headed by Major General Harbord, recently presented to the senate. He estimated that acceptance of a mandate would necessitate the presence of 50,000 American troops. Other estimates, however, have placed it at less.

After referring to the senate resolution the president said in part: "I received and read this document with great interest and with genuine gratification, not only because it embodied my own convictions and feelings with regard to Armenia and its people, but also because it seemed to me the voice of the American people expressing their genuine convictions and deep Christian sympathies, and intimating the line of duty which seemed to them to be clearly before us."

"I cannot but regard it as providential, and not as a mere casual coincidence, that almost at the same time I received information that conference of statesmen now sitting at San Remo for the purpose of working out the details of the peace with the central powers which it was not feasible to work out in the conference at Paris, had resolved to address a definite appeal to this government to accept a mandate for Armenia. They were at pains to add that they did not from the smallest desire to evade obligations which they might be expected to undertake, but because the responsibilities which they were already obliged to bear in connection with disposition of the former Ottoman empire will strain their capacities to the uttermost and because that they believe that the appearance on the scene of a power emancipated from the prepossessions of the old world will inspire a wider confidence and afford a firmer guarantee for stability in the future than would the selection of any European power."

"Early in the conference at Paris it was agreed that to those colonies and territories which as a consequence of the late war have ceased to be under the sovereignty of the states which formerly governed them and which are inhabited by peoples not yet able to stand by themselves there should be applied the principle that the welfare development of such peoples form a sacred trust of civilization and the responsibilities for the performance of this trust should be afforded."

#### SENATOR JOHNSON LEADING IN OREGON

PORTLAND, Ore., May 24.—Returns from the Oregon primary election held Friday compiled tonight by the Portland Oregonian gave Senator Hiram W. Johnson, a margin of 872 votes for the republican presidential preference vote. The returns including complete unofficial returns from 14 of the larger counties and in complete returns from all but one of the remaining 21 stood: Johnson, 42,649; Wood, 41,177; Lowden, 15,053; Hoover, 14,328.

#### SWEEEPING PROBE OF SUGAR BROKERS PLAN OF THE GOVERNMENT

Fair Distribution of Country's Supply is Sought by Attorney General

NEW YORK, May 14.—The government will seek to obtain fair distribution of the country's sugar supply through a sweeping investigation of sugar brokers who ignore conditions of their federal licenses, Attorney General Palmer, announced here tonight.

This announcement followed closely upon testimony before the joint legislative committee investigating profiteering of Herbert Hoover, who charged the government with responsibility for the present high price of sugar because of its failure to authorize the sugar equalization board to purchase the Cuban crop last year for 6 1/2 cents a pound, and upon announcement that the price of refined sugar had been increased to 22 1/2 cents—an advance of three cents in a week.

The investigation, headed by Mr. Riley, will begin tomorrow, when he will preside at what he described as a "series of informal meetings," with three representatives of the sugar men appointed by their colleagues last week in Washington.

"The purpose of these meetings will be more than just for the purpose of punishing violators of the Lever act," Mr. Riley said. "It is our purpose to do everything in our power to remedy the market conditions and obtain a fair distribution of sugar, even if it must be at the expense of some non-essential industries."

Mr. Riley said that when sugar dealers were confronted with the evidence of violations of their war-time license agreements, it was the usual thing for them to attempt to wriggle out of responsibility by claiming they thought the legislation was no longer in effect.

"These licenses are most emphatically still in effect," Mr. Riley said, "and it is part of the government's present task to bring this fact to the dealers' attention. We will stop the practice of selling sugar at prices based upon replacement value instead of cost. Though this means dealers have been reselling stocks purchased at 9 and 10 cents for the prices now current in the market, realizing as much as 100 per cent profit."

He said that under a recent court decision it was illegal to do this.

#### FREIGHT JAM SLOWLY IMPROVING

WASHINGTON, May 24.—The freight jam was declared tonight to be slowly yielding to the efforts concentrated on the mass of cars which was closing the country's railroad yards. Reports tonight showed a reduction in car accumulation from 269,000 on April 24 to less than 170,000 last Friday.

While the battle by no means has been won, railroad officials said, indications of improvement were strong enough to substantiate the belief that the peak of the congestion had passed. The car service committee's reports showed that on April 2, just prior to the unauthorized strike of switchmen, 93,000 cars constituted the congestion at all points. In twenty days it rose to 269,000, the highest mark in the history of American railroad-ing.

Efforts of the commission to speed the work were not diminished in any manner today. Local organizations to be known as terminal committees were formed at thirty of the countries leading railroad centers, instructed to keep the commission informed of their respective problems.

Carrying out of the commission's order for a great exchange of equipment—coal cars east and grain cars west—is to begin tomorrow.

Belief was expressed today that work of the local committees would remove the necessity of embargoes.

#### MOVE TO CURB GAMBLING IN MAJOR LEAGUE PARKS

Chicago, May 24.—The move in Chicago in the crusade against gambling in major league baseball parks was made today when thirty persons charged with betting were arrested at the Chicago National League baseball park during the game with Philadelphia. Police and private detectives made the arrests.

#### WILSON SIGNS CIVIL SERVICE BILL

Washington, May 24.—The civil service retirement bill, providing for the retirement of government employees at part salary was signed today by President Wilson. It is effective, in ninety days.

## LOWDEN-THOMPSON NEW GOVERNMENT CLASH TODAY OVER STATE CHAIRMAN OF MEXICO FACES MORE TROUBLE

Both Sides are Determined to Control the Meeting

MAYOR GIVES HIS VIEWS

SPRINGFIELD, Ill., May 24.—Whether the republican state central committee will follow the desire of Mayor William Hale Thompson of Chicago, that the state chairman and secretary be elected immediately or whether it will respect the wish of Governor Frank O. Lowden that selection of these officers be postponed until after the September primary will be determined at a meeting of the committee tomorrow night. If immediate election is decided upon, the issue will be the election of a chairman as both the Thompson and Lowden factions will present candidates for the office.

Mayor Thompson arrived in Springfield this afternoon with the Chicago and Cook county officials who accompanied him on his recent Mississippi river trip.

The mayor said the call for the meeting tomorrow night was issued with the understanding that the state organization of the party would be completed and that he presumed this program would be carried out.

He said he did not care to amplify a statement which he gave out at St. Louis today in which he declared that the district delegates from Illinois to the national republican convention will not be bound by the instructions of the state convention to vote for Governor Lowden.

The instructions of the state convention apply only to the delegates-at-large he declared. The state convention, he said, had no authority to tell the district delegates who were elected without expressing a preference for president for whom they would vote.

In his brush with the Lowden forces in the state central committee, the Chicago executive is expected to have the support of the committee for the ten Chicago districts. He is also expecting the support of some of the fifteen state committee members.

Only 24 of the 25 committee men will be present. Ernest K. Lesure, of Danville, committee man from the 18th district, is in France.

The committeemen from the first ten districts, all of which are in Chicago, are the following: First, Adolph Marks; second, Edwin S. Davis; third, James E. fourth, Thomas P. fifth, Morris Eller; sixth, George B. Arnold; seventh, John P. Garner; eighth, Fred Erickson; ninth, Eugene Pike; tenth, Charles Bostrom.

Down state committee members are: eleventh, Justus A. Johnson, Aurora; twelfth, Adam C. Cliffe, Syracuse; thirteenth, Arthur M. Smith, Stockton; fourteenth, Walter A. Rosenfield, Rock Island; fifteenth, Jerome Christy, Quincy; sixteenth, Garret De F. Kinney, Peoria; seventeenth, E. B. Hawk, Bloomington; eighteenth, James S. Baldwin, Decatur; nineteenth, Elmer Simpson, Carrollton; twentieth, Richard M. Sullivan, Springfield; twenty-second, Cicero J. Lindsey, Greenville; twenty-third, George A. Brown, Vandalia; twenty-fourth, George M. Miley, Harrisburg; twenty-fifth, Charles H. Miller, Benton.

Congressman Frank L. Smith, of Dwight, is the present state chairman.

#### CON CON WILL TAKE UP CUMULATIVE VOTING

SURINGFIELD, Ill., May 24.—The Illinois constitutional convention delegates, when they resume their sessions tomorrow, will continue consideration of the section in the article on corporations dealing with cumulative voting. Debate on this section was begun last Friday but no decision was reached on a motion of Delegate Levy Mayer of Chicago, to eliminate it from the proposed new constitution.

The article on corporations also deals with cooperative associations and a delegation of the Farmers' Grain Dealers' Association is expected to attend the convention this week and urge that the new basic law recognize co-operative associations equally with corporations.

#### PENROSE'S HEALTH MUCH IMPROVED

Philadelphia, May 24.—The condition of Senator Bois Penrose's health is not alarming and he will be able to attend the Chicago convention as he planned. In a statement today by his physicians said:

"Doctors Stengel, Charles P. B. Penrose and Herbert B. Carpenter met in consultation today and decided not to permit Senator Penrose to have any visitors."

"He has overtaxed his strength and requires rest. He had a temperature due to a slight cold but there is no congestion."

Friends of Carranza Plan to Avenge His Death

VILLA MUST BE SUBDUED

BULLETIN  
MEXICO CITY, May 24.—(By The Associated Press)—President Venustiano Carranza committed suicide rather than be taken prisoner, according to a telegram given out this afternoon at the headquarters of General Gonzales. It purports to have been sent from Cerro Azul, state of Puebla the morning of Thursday, May 20, by Colonel Rodolfo Herrero, who, previous reports have stated, was responsible for Senator Carranza's death.

WASHINGTON, May 24.—Official interest in the Mexican situation was intensified today by reports of reaction resulting from the killing of Carranza, deposed president. These indications were accompanied by information that the de facto government might have to face almost immediately not only the problem of reducing Villa, long-time rebel leader to submission, but also more important armed opposition.

Reports today from Mexico City were that men prominent in political affairs were suspected of preparing to take advantage of the indignation caused by Carranza's death to lead an avenging movement as did Carranza when Madero was assassinated in 1913.

Confirmation was received by the state department of the failure of General Elias Calles to effect an adjustment between the government forces and Villa. Ignacio Enriquez was said to have left Chihuahua Saturday with strong force to cooperate with other troops in the pursuit of Villa who then was reported at Boquilla.

One development in the situation occurred here today when Luis N. Maronez, leading Mexican labor and a confidential agent sent by Obregon, called at the white house to leave for President Wilson a message signed by Obregon containing reassuring declarations as to the aims of the revolutionists. He was accompanied by Samuel Gompers.

Villa's chance of making more trouble for the Mexican government were minimized by the government's representatives here.

One menace to the international relations was eliminated by the reported release of George Miller, British agent, by Villa and by the announcement that the oil companies had complied with the demands of the de facto authorities regarding payment of export taxes.

#### INSTANTLY KILLED

Peoria, Ill., May 24.—Frank Kramer, was instantly killed and three men, including his son, were fatally injured this morning while working in the pit of an elevator at the Hart Grain Weigher company's plant. An elevator dropped four floors and pinned the men underneath.

#### CONDENSED TELEGRAPHIC NEWS

(By The Associated Press)

ALBANY, N. Y., May 24.—The Walker bill legalizing the manufacture of beer containing not more than 2.75 per cent of alcohol by weight, was signed by Governor Smith today.

WASHINGTON, May 24.—George Miller, British subject, reported held by Villa for ransom, has been released, the state department has been advised by the American consul at Chihuahua, and by an official of the Alvarado Mining and Milling company, of which Miller is superintendent.

WASHINGTON, May 24.—Belief that advances in freight rates to provide the more than a billion dollars additional revenue asked by railroads would not increase the cost of living was expressed by spokesmen for the carriers in opening their case today before the Interstate Commerce Commission.

CHICAGO, May 24.—A demand that the committee representing the railroads in the hearing being conducted by the railroad labor board on the employees' demands for increased wages be compelled to furnish the employees with copies of all statistics presented to the board, was made today by the employees' representatives.

## GOV. LOWDEN'S CAMPAIGN EXPENSE TO DATE OVER \$400,000, SAYS EMMERSON

#### FRENCH PRESIDENT HAS MIRACULOUS ESCAPE FROM DEATH

Accidentally Jumped Head First from Fast Moving Passenger Train

PARIS, May 24.—(By The A. P.)—President Des Chanele returned to the palace this evening after his miraculous escape from death near Montargis last night when he plunged head first through a window of the special train in which he was travelling to dedicate a monument to M. Raymond, a French aviator, who was killed in the war.

The president looked not much the worse for his experience. Premier Millerand said the escape was miraculous, as according to the premier the train was traveling at the rate of fifty kilometers an hour. "It is fantastic," the premier kept repeating.

Jules Steeg, minister of the interior, who was on the train with the president reported to M. Millerand that M. Des Chanele alighted on soft head first. "It is fantastic," M. Millerand said again. "I have advised the president to retire to Rambouillet for a few weeks, because it is only on the morrow that he will feel the reaction from the strange experience he has gone through."

A communique was issued from the foreign office to the effect that the president would preside at the council of ministers tomorrow, however.

Throughout Paris and even in official circles the failing health of the president was ascribed as contributing to the accident.

M. DesChanele stated to M. Hermiet, his secretary, this morning that he was suddenly overcome with dizziness and collected nothing until he regained consciousness lying along the road way.

The president had a hearty meal this evening at Elysee Palace and chatted gaily with Madame Des Chanele and their children.

#### RECOMMEND CODE OF ETHICS

St. Louis, Mo., May 24.—A code of ethics designed to prohibit mechanical engineers from affiliating with "questionable enterprises" and to prevent exaggerated statements regarding engineering projects was recommended today by the convention of the American Society of Mechanical Engineers which opened here today.

TORONTO, Ont., May 24.—Jimmy Wilde of England, world's champion flyweight boxer, out-fought Patsy Wallace of Philadelphia in a ten-round bout tonight.

WASHINGTON, May 24.—Cross-examination of Secretary Daniels before the senate naval investigation committee today would about in a tortuous way verbal wrangle to debate and back to wordy clashes between the secretary and Chairman Hale. The latter at one time requested Mr. Daniels to answer a question with "yes" or "no" and the secretary challenged the right of the chairman to tell him how to reply.

CHICAGO, May 24.—An operating committee representing all railroads entering Chicago, with J. H. Brinkerhoff, general superintendent of the Chicago Belt railway as chairman, was organized at a meeting of railway executives to devise relief measures to co-operate with railroad agencies in an effort to restore normal traffic conditions.

HONOLULU, T. H., May 24.—The Mikado of Japan, H. I. M. Yoshihito, suffered a physical and mental collapse about April 1, according to the Honolulu Pacific Commercial Advertiser.

ALBANY, N. Y., May 24.—Professional boxing was restored to legal status in New York today when Governor Smith signed the Walker bill to regulate the sport and to provide for appointment of a state athletic commission. Fifteen-round contests to a decision will be permitted under the new law.

## NEARLY ENTIRE AMOUNT CONTRIBUTED BY THE GOVERNOR HIMSELF

Witness Testifies That Outlay of Cash in Ohio  
Between Wood and Harding Would Make  
Newberry's Fund "Look Like a Piker"

WASHINGTON May 24.—A statement that \$404,984.78 had been spent in behalf of Governor Lowden, Republican of Illinois, and a charge that the outlay in the Ohio primary contest between Senator Harding, Republican and Major General Leonard Wood made Senator Newberry's Michigan campaign "look like a piker," were the high spots of the testimony at the opening today of the senate's investigation into pre-convention campaign expenditures.

Frank H. Hitchcock, former postmaster general, who appeared as the representative of Gen. Wood, threw but little light on the general's campaign expenses, and Senator Harding's manager was not heard today. He will be examined later, as will a number of Wood managers, including Col. William Cooper, Procter, of Cincinnati; A. A. Sprague of Chicago; Horace C. Stebbins, of New York, and John H. Price of Cleveland.

L. L. Emerson, secretary of state for Illinois, was the spokesman for Governor Lowden. He was armed with records and cancelled checks and gave figures, names, dates and localities of the total spent for Lowden. He said \$379,175.78 was contributed by the governor himself. Friends gave \$35,835, he testified, before collections were stopped on orders from Mr. Lowden. Detailing expenditures, Mr. Emerson testified, that a total of \$176,243 was sent into different states, the Michigan primary campaign taking the most.

Asked by Chairman Kenyon regarding expenditures, Mr. Emerson said: "There was \$34,262.64 paid out in salaries. The Lowden Young Men's club received \$8,332. For work among traveling men \$3,156."

"For the women's division, \$16,251. That was for everything—publicity, stenographers, pink tees—everything they use in campaigning among women."

"On the Washington headquarters we spent \$22,000 and on general printing and publicity \$96,056. On organization work in states \$156,243."

Mr. Emerson was asked for expenditures by states.

"In Georgia we put \$9,000 to Henry Lincoln Johnson," he said.

"In Alabama \$10,000 to a man named Irwin. In Oklahoma \$7,500 to J. W. Kayser, Texas, \$5,000 to George P. Rockwell. To Virginia I've sent none, but the Washington headquarters has perhaps sent some."

"In South Dakota we spent \$9,783. Fred Sterling of Illinois represented us."

"In Michigan \$39,141.50, through W. E. Hull and C. F. Buck of Illinois. In Wisconsin, \$7,500 to Carl C. Massey. In Oregon \$11,000 to Joseph Dunne. In North Dakota \$2,000."

"In Indiana, \$18,000 through Joseph S. Baldwin of Illinois. In Missouri \$38,000 through a number of individuals."

The Lowden committee, he said, had sent \$28,000 into Missouri. Senator Reed, Democrat of that state, questioned him at some length to determine the method of its use, since there was no primary election.

"Getting out the Lowden sentiment was the purpose," Emerson said, adding that it had been successful because the delegates would support the governor's candidacy.

"Cost about a thousand dollars a delegate for Missouri's 36," commented Senator Reed.

E. H. Moore, who testified to contributions of about \$22,000 to the campaign for Governor Cox, Democrat of Ohio, made the charge of heavy expenditures in the Republican primary contest in Ohio and provoked a hot partisan strife.

Mr. Moore told the committee that Colonel Procter of Cincinnati was "the angel" of General Woods' campaign in Ohio. He testified to extensive newspaper advertising in the primary fight and at one point was interrupted by Senator Spencer, Republican of Missouri, who said the witness was making general charges and demanded names.

"Call John H. Price, who ran the Wood campaign, and he'll tell you what the Harding men spent," replied Moore. "Ask Harry M. Dougherty, Harding's manager, and he will tell you what the Wood men spent."

"Call John T. King, who started in as manager of General Wood's campaign. If you want to know about the story of the underriding of the Wood campaign, I personally know of one

#### OUTS U. OF ILLINOIS.

## THE GRAYBEARDS

There's some delight in being old, for one is licensed then to scold and view things with alarm; I hang around the marketplace and let some brine run down my face, and talk of things that harm. I tear my hair and wring my fins and talk of all existing sins as though they modern were; and I denounce the thriftless jays who blow their coin in forty ways and fill the air with fur. But truly, in the ancient times the giddy lads blew in their dimes just as they blow them now; and people mortgaged their abodes for trotting nags to burn the roads, as graybeards must allow. The poorhouse reared its front of brick and gathered in the thriftless hick, just as it does today; and pauper graves, behind the kirk, were made for those who wouldn't work, but spent their hours in play. I know these facts and many more, but when I'm in the Blue Front store, discussing timely themes, I boost the past as something bright, a noble structure, fair and white, on which the sunlight gleams. I knock the sawdust from the truth; they wouldn't stand it from a youth, but I am bent and gray; and as I ramble on and on, they merely sit around and yawn until I drift away.

## PLAN LUNCHEONS FOR CONVENTION

Sunday School Assemblage Delegates Will Be Entertained by Churches.

Some further plans were made for the entertainment of delegates to the state Sunday school convention at a meeting held at Grace church last night. The committee on luncheons includes Thomas V. Hopper, George T. Douglas and L. B. Turner, and they arranged for the conference last night.

A number of luncheons are to be served and it was decided that the way to handle these affairs would be thru the aid societies of the different churches. As there are to be 1500 or more delegates, two cafeteria lunches will be served each day and in addition there will be several special banquets for the different departments. The program agreed upon last night was as follows:

Tuesday, June 15—Cafeteria luncheon noon and night at Congregational and State Street churches.

Wednesday, June 16—Cafeteria luncheon noon and night, Baptist and Grace churches.

Thursday, June 17—Cafeteria luncheon noon and night, State Street, Grace and Baptist churches.

Tuesday, June 15—Department banquet, Westminster church, 6:15 p. m.

Wednesday, June 16—Department banquet, Northminster church, 6:15 p. m.

Thursday, June 17—Department banquet, 12:15 noon, Centenary church.

## HIGH SCHOOL SENIORS ATTENDED SERVICE

Rev. M. L. Pontius Gave Inspiring Address at Grace M. E. Church.

A great audience filled Grace M. E. church Sunday night for the baccalaureate services of Jacksonville high. Rev. M. L. Pontius, pastor of Central Christian church, made a very forceful address. Miss Florence Chaplin, president, and Ivan Smith, treasurer, were at the head of the class procession, the graduates being followed by the faculty and members of the board of education.

Henry Ward Pearson of Illinois Woman's College was at the organ. The program was as follows:

Processional, "Prayer," by Borowski—Henry Ward Pearson. Prayer—Dr. Joseph R. Harker. Response—Choir.

"He That Dwelleth in the Secret Place of the Most High," by MacDermitt—Miss Louise Miller. Anthem, "Fear Ye O, Israel," by Spicks—Choir.

Baccalaureate sermon—Rev. M. L. Pontius.

Recessional, "March in G." by Dubois—Henry Ward Pearson.

Rev. Mr. Pontius took as his text:

Text: 1 Cor. 2:2—"I determined."

Dreamers World's Benefactors.

The world's dreamers are the world's benefactors. And when the dreamer emerges from his vision or dream his thought is best expressed in the words, "I determined."

Nineteen hundred years ago, one day a Phoenician grain ship was moving southward through Mediterranean waters. Upon the deck of the vessel there was a young man. He was a dreamer. He was going to college. What a wealth of meaning there is in these words going to college.

This young man had just graduated from the high school in Tarsus of Cilicia. He was on his way to Jerusalem to enter the College of Gamaliel. When this dreamer reached full maturity, one day as he emerged from his vision or dream he wrote the words of the text, "I determined."

This man was Paul, the Apostle of Christ.

There are many factors that enter into the making of a life. Among them we find heredity, environment, education, will power. The will organizes and unifies the faculties of the individual. One can be what he wills to be, he can do what he wills to do. The will assists in the development of personality.

When a great act of the will is brought to its fruition it becomes a conviction.

Members of the Senior class in the Jacksonville high school, I shall ask you to place upon your lips for a few minutes these words, I AM DETERMINED.

Defines Moral Courage.

I am determined to give my length. The length of a life is its morality. By morality I mean truthfulness, purity, righteousness, honesty. We hear a great deal about moral courage. What is moral courage but the fine effort to retain the integrity of a soul.

I shall ask you to go down with the crowd to do evil. It refuses to tell a lie to gain a throne. It refuses to believe any art or literature beautiful which brings the blush of shame to the brow of innocence. It condemns business dishonesty, industrial robbery and political corruption as enemies of the soul.

Parents do we realize that our children may mortgage all of life's possibilities before they leave the high school? Members of this class, do you know that it is possible to foreclose this mortgage before one is twenty-five years old?

I am determined to give my life breadth. The breadth of a life is its sympathy. To your length you must add breadth. To morality you must add sympathy. By sympathy I mean that openness of the human heart which causes one individual to take into consideration the rights and necessities of his fellowmen. Whatever our gift of

money, time, or effort we must remember that "the gift without the giver is bare."

Never Lose Hold on God. I am determined to give my life height. The height of a life is its religion. Young people never relax your grip on God! Never lose sight of the ideals of that man who said, "I am the way, the truth and the life." Man's distinguishing characteristic, that which forever distinguishes him from all other creation is found in the fact that man looks up to God. "Man is incurably religious." Never lose your hold on God. But remember that man's conception of God changes from age to age, but God changes never. Man's conception of Jesus Christ changes from generation to generation but Christ is "the same yesterday, today and forever." Man's interpretation of the Bible changes from decade to decade but the great truths of our religion are as changeless as God. Let Christ lead you into a consciousness of God. Christ will assist you in keeping your lives clean, your heads level and your hearts warm.

## Funerals

Stynes.

Funeral services for William Stynes were held from Lyndville Christian church at 3 o'clock Sunday afternoon in charge of the Rev. L. R. Cronkhite.

Music was furnished by Mrs. L. R. Cronkhite, Mrs. John Heaton, Edwin Gordon and W. W. Gilham. The flowers were cared for by Mrs. Mary Moore and Mrs. William Coultas.

Burial was in Kincaid cemetery the bearers being Lorenzo Shirliffe, John Heaton, Harry Stansfield, George Flagg, George Blackburn and Samuel Angelo.

PUBLIC SALE OF VALUABLE REAL ESTATE. LAND BUYERS, TAKE NOTICE.

I will sell at public sale in Kinderhook, Pike county, Illinois, on Saturday, May 29, 1920, at two o'clock p. m., among other tracts of real estate the valuable farm consisting of two hundred and ninety-five (295) acres, owned by the late Hiram S. Churchill.

This farm is adjacent to the village of Kinderhook, a station on the Wabash railroad, and has fine improvements. The residence is lighted by electricity. The land is mostly bottom land, but never overflows.

This is an excellent opportunity for a person wanting a good farm with improvements to purchase the same.

For further particulars, apply to the undersigned, Edward Doocy, master in chancery, Pittsfield, Illinois, or to John G. Wheelock, attorney, Quincy, Illinois.

EDWARD DOOCY, Master in Chancery, Pittsfield, Illinois.

Miss Harriett Davis has returned to the registrar's office at the Woman's college after a month's illness.

## CHILD HAD NARROW ESCAPE FROM INJURY.

Elizabeth Wiswell, little daughter of Mr. and Mrs. E. B. Wiswell, had a very narrow escape from fatal injury Sunday afternoon. The child was struck by an automobile driven by Mrs. W. D. Hitt but fortunately the wheel did not pass over the body.

The child is a little more than three years old and had started across the street after a car in which by mistake she thought he mother was leaving. She failed to see the car driven by Mrs. Hitt and the latter did not see the child in time to avoid the accident. Dr. Norris arrived at the Wiswell home very promptly and it was found that the little girl was badly bruised and frightened but that her injuries were not of a serious kind. From the marks on the body it was at first thought the wheel of the car had passed over but this did not prove to be the case.

## Real Comfort and Style

NuBone Corsets have the essentials of a really perfect corset—the corset you have looked for—comfort, style, freedom of action, full support and durability.

The woven wire NuBone Stay (the only woven wire stay in existence) gives all these desirable features. It bends edgewise as freely as flat-wise and lies flat always. Is guaranteed not to rust or break. NuBone Corsets may be easily and frequently washed.

A post card or phone call will bring to you an expert NuBone Corsetiere. She will show you the NuBone Stay and explain the superiority of NuBone Corsets—without obligation to you.

## A PICTORIAL TRIUMPH

against the ever-present dangers of the Polar Seas, completely cut off from the outside world.

Although their ship, the "Endurance," was crushed by the ice more than 800 miles from the nearest civilized settlement, the entire party, without the loss of a man, was returned safely home.

For the first time the American public is given an opportunity to really visualize the dangers and hardships encountered by explorers seeking knowledge and information of the vast and heretofore unknown Antarctic regions.

"The Bottom of the World," graphically depicts the perilous journey of the Shackleton expedition through the treacherous seas of the South Polar regions, from the time the little party left Buenos Aires, October 27, 1914, until it arrived at Valparaiso, Chile, May 20, two years later.

Once you get your blood free from impurities—cleansed of the catarrhal poisons, which it is now a prey to because of its unhealthy state—then you will be relieved of catarrh—the dripping in the throat, hawking and spitting, raw sores in the nostrils, and the disagreeable bad breath. It was caused, in the first place, because your impoverished blood was easily infected. Possibly a slight cold or contact with someone who had a cold. But the point is—don't suffer with catarrh—it is not necessary. The remedy S. S. S., discovered over fifty years ago, tested, true and tried, is obtain-

able at any drug store. It has proven its value in thousands of cases. It will do so in your case. Get S. S. S. at once and begin treatment. If yours is a long standing case, be sure to write for free expert medical advice. We will tell you how this purely vegetable blood tonic cleanses the impurities from the blood by literally washing it clean. We will prove to you that thousands of sufferers from catarrh, after consistent treatment with S. S. S., have been freed from the trouble and all its disagreeable features and restored to perfect health and vigor. Don't delay the treatment. TO ATTEND INTER-  
CHURCH CONFERENCES  
Ministers and Laymen Will Meet  
in Chicago Today—Meeting  
Held Here Monday.  
Rev. J. O. Kirkpatrick, Rev. A.  
A. Todd and J. S. Findley left last  
night for Chicago to attend a con-  
ference of ministers and laymen  
relative to the further work of  
the interchurch campaign. A con-  
ference of ministers was held  
Monday morning for the consid-  
eration of some local matters with  
reference to the movement.  
Dr. E. B. Landis who is now a  
representative of the state organ-  
ization engaged in city survey  
work, presented some interesting

facts. He said that in some lo-  
calities not all the desired pro-  
gress had been made and that the  
reason could be found in the fail-  
ure of both ministers and the peo-  
ple to thoroughly understand the  
work which is being done.  
The survey of Morgan county is  
soon to be made in accordance  
with the interchurch plans and  
the executive committee for this  
work has been named, including  
Rev. W. H. Marbach as chairman  
and Rev. G. W. Randle as sec-  
retary.  
As Westminster church now  
has no pastor, W. J. Brady was  
elected a member of the council  
to represent that church. With-  
out a fully organized campaign  
the contributions toward the  
fund thru the churches of the  
country have been quite liberal.  
It is expected, however, in the  
course of the next four or five  
weeks to receive an additional  
four or five thousand and this  
will bring the county quota up to  
a satisfactory figure.

put on the boat at St. Louis and  
sent by the river route.

FORMER RESIDENT  
DIES IN SPRINGFIELD  
William J. Kreider Passed Away  
Monday Morning—Was Son of  
Late Col. E. C. Kreider—Burial  
Will Be Made Here.  
A telegram received Monday  
morning by Mrs. John McConnell  
announced the death of William  
J. Kreider at his home in Spring-  
field. Mrs. McConnell is sister of  
Mrs. Kreider.  
Deceased was born and reared  
in this city, being a son of the  
late Col. E. C. Kreider for many  
years one of the city's prominent  
citizens. The family home was in  
the residence just west of the  
Scott Block and which was recent-  
ly purchased by W. W. Gillham.  
Mr. Kreider attended the local  
schools and later fitted himself  
as an electrician. He was for  
some time employed at the State  
School for the Deaf. He then  
went to Memphis, Tenn., where he  
was employed for some time. Re-  
cently he returned to Springfield  
and has been employed as elec-  
trician at the state power plant  
in that city.  
He was united in marriage to  
Miss Nellie Hall of Barry, who  
survives, together with one son,  
Howard, 15 years of age.  
He also leaves his mother, who  
is residing in California, one sis-  
ter, Mrs. Phoebe Murray of Cali-  
fornia, and three brothers, Dr.  
George N. Kreider, Springfield;  
John Kreider, located in Texas;  
and Edward Kreider located in  
Arkansas.  
The remains will be brought  
here for burial.

PEACOCK INN NOW  
IN NEW OWNERSHIP  
Hood & Larson Transfer the Prop-  
erty Monday—Messrs. Owen,  
Stout and Landauer Are the  
Proprietors.  
The Peacock Inn yesterday  
passed into new ownership.  
Messrs. Larson sold this popular  
establishment to Benjamin Owen,  
Milton E. Stout and Harry Lan-  
dauer. The deal has been pending  
for several weeks but the final de-  
tails were not arranged until Mon-  
day.  
Mr. Hood and Mr. Larson open-  
ed the Inn Feb. 12, 1912, and  
have done an increasingly large  
business. The room originally oc-  
cupied was leased from John N.  
Ward and later additional space  
was secured in the building to the  
west owned by Mrs. Adelaide Bow-  
man of Chicago.  
Mr. Hood came to the city from  
Galesburg twelve years ago and  
Mr. Larson at practically the  
same time from Rock Island. They  
were first associated in the opera-  
tion of a skating rink at the  
Smith building on East State  
street, then were connected with  
the Jacksonville Country club for  
nearly three years, afterward open-  
ing the establishment which  
they have just now sold.  
Ben Owen was for five years  
with Batz Cafe. Something more  
than a year ago he opened a res-  
taurant on South Main street. In  
a month he felt the need of larg-  
er room and moved to his present  
location. He has done an increas-  
ingly satisfactory business there  
and will continue to operate it,  
spending part of his time at each  
establishment.  
Mr. Stout some years ago was  
with Hickory & Morgan and he  
has been at the Peacock Inn since  
the opening date and is thoroughly  
experienced.  
Mr. Landauer came to Jackson-  
ville from Peoria within the past  
year and has been in charge of  
the candy and ice cream manu-  
facturing department of the Inn, and  
will continue the management of  
these departments.  
Under the new ownership the  
Inn will remain open each night  
instead of observing 8 o'clock  
closing hour and an increasingly  
satisfactory business is anticipat-  
ed.

**Their Medicine Chest for 20 Years**  
It is characteristic of folks after they pass the allotted "three score years and ten," to look back over the days that are gone and thoughtfully live them over.  
I find myself, at seventy-one, frequently drifting back a quarter of a century, when I see myself in the little drug store I owned at Bolivar, Mo., making and selling a vegetable compound to my friends and customers—what was then known only as Dr. Lewis' Medicine for Stomach, Liver and Bowel Complaints.  
For many years while I was perfecting my formula I studied and investigated the laxatives and cathartics on the market and became convinced that their main fault was not that they did not act on the bowels, but that their action was too violent and drastic, and upset the system of the user; which was due to the fact that they were not thorough enough in their action, some simply acting on the upper or small intestines, while others would act only on the lower or large intestines, and that they almost invariably produced a habit requiring augmented doses.  
I believed that a preparation to produce the best effect must first tone the liver, then act on the stomach and entire alimentary system. If this was accomplished, the medicine would produce a mild, but thorough elimination of the waste without the usual sickening sensations, and make the user feel better at once.  
After experimenting with hundreds of different compounds, I at last perfected the formula that is now known as Nature's Remedy, which I truly believe goes forth-

er and does more than any laxative on the market today. The thousands of letters from users have convinced me I was right, and that the user of Nature's Remedy as a family medicine, even though he may have used it for twenty-five years, never has to increase dose.  
My knowledge of medicine and the results of its use in my own family and among my friends, before I ever offered it for sale, caused me to have great faith in Nature's Remedy from the very first.  
And now as I find myself nearing the age when I must bow to the inevitable and go to another life, my greatest pleasure is to sit each day and read the letters that teach mail brings from people as old or older than I, who tell of having used Nature's Remedy for ten, fifteen or twenty years, and how they and their children and grandchildren have been benefited by it.  
It is a consoling thought, my friends, for a man at my age to feel that aside from his own success, one has done something for his fellow man. My greatest satisfaction, my greatest happiness today, is the knowledge that tonight more than one million people will take Nature's Remedy (NR Tablet) and will be better, healthier, happier people for it. I hope you will be one of them.

**IMPRESSIVE SERVICE  
AT SHILOH CHURCH**  
With impressive ceremony the service flag was lowered at Shiloh church Sunday afternoon. Ivan Rossiter made the address, taking as his theme, "God's Part in the War." It was an unusual presentation of the subject. First, Mr. Rossiter considered the matter as a skeptic would do it and then he showed how in a remarkable way the morale of the allies had been upheld thru religious services. He cited some miracles of the war time and gave instances in proof of the power of prayer.  
There are five stars in the church flag and as it was lowered by three ex-service men Miss Gertrude Sorrells read "When Blue Stars Turn to Gold."

## JOHN D. SHAW DIES FROM INJURIES

Alton Switchman Passes Away at Passavant Hospital Following Fall Under Cars—Both Legs Badly Crushed—Coroner Rose Held Inquest.

John D. Shaw, switchman in the Chicago & Alton yards at Roodhouse, died at Passavant hospital at 7:15 o'clock Monday morning from injuries received shortly after midnight Sunday when he fell under the tank of the switch engine.

Both of Shaw's legs were badly crushed, the right leg between knee and hip and the left between the knee and ankle. He was rushed to Passavant hospital on a special train accompanied by Dr. Bates of Roodhouse, the company physician in that city. Dr. Black, the company surgeon was called and found it necessary to amputate both legs. Shaw was suffering greatly from shock and loss of blood and did not rally.

Following the death, Coroner Rose was notified and the body was removed to the Reynolds mortuary and prepared for burial. Coroner Rose empaneled the following jury to hear the evidence in the case: W. C. Green, foreman; Walter DeShara, clerk; J. H. Campbell, W. T. Reaugh, E. M. Salby, Charles DeSilva.

The jury heard the testimony of E. O. Vinyard, engineer of the switch engine, C. R. Smock, switchman, Joseph Whitworth, assistant yardmaster, all of Roodhouse and Dr. Carl E. Black.

Smock and Whitworth told of Shaw attempting to step across the track and the engine striking him and knocking him down.

Whitworth said the engine was running at a rate of about two miles an hour. Dr. Black told of the nature of the injuries and of what had been done in the effort to save Shaw's life.

After hearing the testimony the jury returned the following verdict: "We, the undersigned jurors, sworn to inquire of the death of John D. Shaw, on oath do find that he came to his death by being run over by a switch engine in the Roodhouse yards while performing his duties as switchman, on May 24, 1920, about 12:20 a. m."

Deceased was the son of Thomas D. Shaw and was 22 years of age at the time of death. The remains will be taken to Roodhouse for funeral services and interment.

## WINCHESTER CLASSES ENJOYED BANQUET

Junior-Senior Banquet Held at Christian Church Monday Evening—Baccalaureate Service Sunday Evening—Other Winchester Events.

Winchester, May 24.—Monday evening the Junior-Senior banquet was held at the Christian church. The room was beautifully decorated for the event, the class colors of gold and green being the predominating tones. White flowers were used also in great profusion. The menu included lemon ice, baked chicken, dressing, potatoes, gravy, olives, bread and butter, banana salad and waters, brick ice cream, angel cake, mints and coffee.

Mothers and sisters of the juniors served the menu, which was partaken of by forty seven persons.

Following the banquet a program of toasts was given as follows:

Fred O'Donnell, president Juniors—"Welcome."

Response—Kathleen Oehler, Senior class.

Horace Schilling—"To the Junior Girls."

Helen Kinsion—"To the Junior Boys."

Vera King—"To the Senior Boys."

Florence Wallace—"To the Senior Girls."

Della Bell—"To the Faculty."

Supt. Smith—"To the Students."

James Tankersley, president Senior Class—"Welcome."

Response—Fred O'Donnell.

The final toast was given by Miss Olive Wells, the toastmistress.

Following the banquet there was a dance from 8:30 to 11 o'clock at the Baisley hall.

Miss Cecil Christison arrived Saturday morning from Plymouth, Ill., where she closed a successful school year. She has accepted the principalship of the Perry school for next winter at an advanced salary.

A little daughter arrived Monday morning at the home of Mr. and Mrs. Fred Neat on North Main street.

Mrs. J. T. Matthews of Chillicothe, Ill., arrived Monday to be the guest of Mrs. S. G. Smith and her mother, Mrs. C. H. Condit.

Miss Helen Taylor arrived Sunday from Bowling Green, Mo., where she has just completed a term of six months in the high school. She will return to Jacksonville soon to graduate with her class at Illinois college. Her brother, Francis Taylor, arrived from the south where he has been teaching.

The baccalaureate service was held at the Methodist church Sunday evening and was attended by a large audience. Mrs. J. W. Beckman presided at the organ and members of the graduating class entered as the strains of a march were played. The opening hymn was by the choir, made up from singers of the different churches. The program was as follows:

Prayer—Rev. W. B. Morris.

Antem—Choir.

Responsive reading.

Duet, "Calm as the Night"—Mr. and Mrs. S. G. Smith.

Offering.

Sermon, Rev. W. B. Morris.

Theme, "The Spirit of Youth."

Closing hymn.

## G. O. P. Convention Snap-Shots The Story of 16 Nominations

By A. H. Vandenberg

SIXTH CONVENTION

The seventh Republican National convention, which met in Chicago, June 2, 1880, will always remain historic. Not only did it result in the party's nomination of its first "dark horse," but also it marked the beginning and the end of third-term presidential aspirations.

Once more James G. Blaine was the paramount leader of his party, and once more Roscoe Conkling, in his embittered personal antagonism, undertook to foil his hated party rival. He used General Grant as the means to this end—ably seconded by Cameron and Logan and other deathless Grant adherents.

Grant had just returned from a triumphal tour around the world and stood upon a pinnacle. The fact that an early Pennsylvania state convention declared against third terms, and that the House of Representatives made similar proclamation by a vote of 234 to 18, did not stop the Grant campaign.

He went into the convention with 304 votes. Sharp practices were used in seating some contested delegates and in seeking to break the inhibition against the "unit rule," and in a sensational attempt by Conkling to force a pledge that every delegate participating in the convention would be bound by its decision and would support the nominee.

But, these things, aside, the fidelity of the Grant forces was

### BOARD OF LOCAL IMPROVEMENT MET

Call Public Hearing For Sewer on Edgmon Street—Boulevard Lights on East State Street.

Following the meeting of the city council Monday evening a meeting of the board of local improvement was held. Mayor Crabtree, Engineer Henderson and Superintendent of Streets White who constitute the board were all present.

The first matter taken up was the laying of a sewer in West Edgmon street between South West and South Church street. A number of citizens petitioned for this sewer some weeks ago.

At the meeting Monday night William McCurley, Oscar Weider and John W. Kirk appeared as objectors. However, as they did not constitute a majority of the frontage the board adopted a resolution calling a public hearing for the improvement to be held June 3.

The board also adopted a resolution, calling public hearings for boulevard lights in East State street between East street and Illinois avenue. The date of this hearing has not been fixed. However it is in accordance with a petition presented to the council some time ago asking that such action be taken.

Ballots Ordered Burned. A resolution was read by the clerk providing for the burning of the ballots of the special bond election last October. The resolution provided that two electors from each of the two leading political parties be appointed to assist the clerk in the burning. Mayor Crabtree appointed Frank D. Kiloran and W. H. Cobb.

Claims against the city were presented and all those properly approved were ordered paid.

Alderman Williamson reported that many complaints had been received of water damage in various parts of the city.

Alderman Flynn said that people in driving on unpaved streets, which had been graded, should try to keep in the middle of the road. The alderman said that some drivers got on the side of the road and thus pushed the dirt into the ditch filling it up.

Park System Ordinance. An ordinance was read creating a Jacksonville park system. The ordinance carried an emergency clause which was adopted, as was the ordinance.

The bond of Walter Taylor, night policeman, in the sum of \$500, with John S. Easley and F. C. Muse as sureties, was presented and approved and placed on file.

A petition was read from property owners of South Main street, between Morton avenue and Kentucky street, asking the council to take some steps toward carrying off the water which stood on the pavement until it evaporated.

The petition was presented by C. O. Bahys. He spoke briefly on the subject, as did George Schmalz, Superintendent of Streets White and Engineer Henderson also spoke of the condition of the street.

Mr. White said that one reason nothing had been done was that the pavement had never been accepted by the city. Both he and Mr. Henderson said the only remedy was the placing of in-takes at Morton avenue, Bissel and Richards streets and one near the residence of Mr. Schmalz. The matter was referred to the highway committee.

W. H. Cocking brought up the matter of oiling unpaved streets in the city. Mr. Cocking said that he had time to go out and solicit the work. He suggested that if the council would undertake the soliciting and collect the money he would put on the oil.

There was considerable discussion of this matter and it was the sense of the council that it would not undertake the work of collecting but that it could create a favorable sentiment for oiling. This was taken up by the members of the council, L. F. Berger, C. O. Bahya, George Schmalz, L. F. O'Donnell and Frank McKenna.

Mr. Cocking also asked for positive action by the council as to the anticipation of oil tax money this year for oiling. The matter of formulating a plan to get oiling done was referred to the highway committee.

After this was disposed of Alderman Cain, moved that the council not anticipate any money from the oil tax fund this year. The motion carried by a unanimous vote.

William McCurley, Oscar Weider and John W. Kirk were present and were called upon but had nothing to offer. Mr. Kirk spoke of being exposed to a sewer in West Chambers street, but as the matter was to come later at a meeting of the board of local improvements, no action was taken by the council.

Spoke in Behalf of C. P. & St. L. Shops. Frank McKenna was called upon and spoke of the closing down of the C. P. & St. L. shops for an indefinite period. Mr. McKenna said the closing of the shops meant the loss of a payroll amounting to over \$18,000. He said this was quite a loss to the merchants of Jacksonville.

While Mr. McKenna said he was not speaking for the officials of the road and that the general manager did not know that he was making the statement, but he voiced the hope that when the shops resumed work that merchants would use the road for shipping their goods.

He believed that the road was entitled to the bulk of the freight shipment into Jacksonville, as it spent more in the city than all the other roads combined.

Mayor Crabtree heartily agreed with what Mr. McKenna said. He hoped that some solution would soon be found whereby the shops would again be in full operation. No further business appearing, the council on motion adjourned.

### COUNCIL WILL NOT ANTICIPATE OIL TAX

Notes Not to Spend Money Levied for Oiling Street Which Is Not Available Until Next Year—Many Complaints About Water Damage—Ordinance Creating Park System Passed.

No money from the oil tax levy will be anticipated by the city council for oiling this year. This action was taken at the regular meeting Monday evening, when W. H. Cocking asked the council if it intended to anticipate oil tax money oiling streets.

A levy was made for oiling unpaved streets in the last appropriation ordinance, but it is not available until next year. The council did not believe it wise to begin spending the money before it was received.

Citizens of South Main street presented a petition asking for relief from water in that thoroughfare. Many complaints about water damage were received from other parts of the city after the heavy rain of Monday morning.

When the roll was called it showed all present except Aldermen Ehnie and Moore. Mayor Crabtree presiding. The minutes were read and approved.

Ballots Ordered Burned. A resolution was read by the clerk providing for the burning of the ballots of the special bond election last October. The resolution provided that two electors from each of the two leading political parties be appointed to assist the clerk in the burning. Mayor Crabtree appointed Frank D. Kiloran and W. H. Cobb.

### DON'T SELL LIBERTY BONDS

Here is good advice from a government department.

The market price for Liberty Bonds is quite low. Evidently many owners of bonds are selling these securities. If they are not compelled by dire necessity to let go their holdings, they are foolish to sell, for the bonds are worth 100 cents on the dollar and will bring that if they are held. In addition, they yield interest at a fair rate, and no pledge on earth is more sure. If the United States lives, the bonds will be paid in full, interest and principal. Of what other security in the world can this be said with equal assurance?

A decrease in market price is often misunderstood by holders of bonds who are not familiar with financial matters. They take alarm and feel that they must sell their bonds "before they go lower in price." That is false reasoning, and if adopted it causes unnecessary loss to individuals who cannot afford to lose even one dollar. All that is necessary is to hold

### BANKERS MAKE IMPORTANT TRIP

Miller Weir has returned from a tour of a number of cities with about fifty men, heads of the various groups into which the State Bankers' association has divided the state. Mr. Weir went as financial representative of the state auditor's office. He left Sunday for Chicago, where he joined the party, who traveled in two special Pullman cars to Park Hillsboro, Beardstown, breakfasting as the guests of the St. Louis bankers in that city and then proceeding to Belleville and V. Frankfort and back to Chicago. The trip was an annual affair and is calculated to place leading financial establishment of the state in touch with each other and the state generally. As a rule, matters were generally found in a favorable condition though what was most regrettable was the lack of general cooperation throughout the country. Especially did the financiers deplore the lack of building operations owing to the high price of labor and materials. There are so many people wanting home and so few to be had that the situation is undesirable, to say the least.

INDEED, IT IS WELL to be tie-dueated, for there is to the discerning eye a vast difference between tie silks.

MANY FACTORS go to making these the ties that good dressers choose.

FOR ONE THING the fine selected silk yarns—

FOR ANOTHER, the particular depth and tones of the colors—an art in itself and one in which few makers excel.

AND THE THIRD, the judgment displayed in harmonizing the colors.

YES SIR, IT PAYS to buy your ties here, for they will win approval in the best dressed circles.

## Daily Market Report

## TRADING ON STOCK EXCHANGE DULL

NEW YORK, May 24.—Today's stock exchange session was devoid of special feature, aside from the superficial character of the trading. Financial, industry and commercial developments over the week-end seemed to offer little immediate relief from recent unsettled conditions. Efforts to place a favorable construction on the low rate for call loans which renewed at six per cent, the easiest Monday in weeks, was scant in the face of further stringency of time funds. Deflation of credits made additional progress under the supervision of the Federal Reserve board.

Signs of a break in the freight blockade were apparent but merchants reported further diminution of activity and slower collection attributed partly to the price cutting crusade.

Mexican merchandise affairs assumed more aspects, the shares of leading oil companies operating that country being under constant pressure.

Shorts experienced little difficulty in effecting price impairment of steel, equipments, motors, the food group and rails.

Dealings in bonds were light, the liberty and victory yielding part of last week's advance with several of the foreign war issues while domestic rails and industrials were irregular. Total sales, par value, aggregated \$17,250,000.

### AGED MANCHESTER RESIDENT DIES

Death of Mrs. Margaret Mock Came Friday After Long Illness—Fire at Blakeman Produce House—Other News Items.

MANCHESTER, May 24.—Death came to Mrs. Margaret Mock at the home of her daughter, Mrs. A. C. Barnes, Friday night. Deceased had been a sufferer for several months, death resulting from complications, incident to old age. Her age was 85 years, 2 months and 13 days.

Deceased was a native of Germany. Her maiden name was Margaret Tietgen. She came to this country at the age of 21 years. In 1859 she was united in marriage to Anthony Mock and they established their home in Manchester. They were the parents of one child, Mrs. Kate preceded his wife in death forty-seven years ago.

Deceased was a woman of fine character. She was kind and

sympathetic. Her ministrations of kindness and sympathy to those in trouble and sorrow will keep her memory fresh and long remembered in the hearts of many friends. She was a member of the Presbyterian church. The last surviving member of the old church before its reorganization some years ago. In her younger years she was a strong and active member of the church.

Beside the daughter, Mrs. A. C. Barnes, she is survived by one granddaughter, Mrs. Lula Prindle of Morehead, Minn., and one grandson, Frank Barnes of Ferguson, Falls, Minn., also three great grandchildren, Katherine, Helen and Margaret Prindle.

Funeral arrangements have not been completed.

The committee in charge of arrangements for decoration services have decided to dispense with the usual custom of having both memorial and decoration services. This year the services will be combined and will be held on Decoration Day, May 30. A program will be given in the park Sunday afternoon at 1:30 o'clock. Dr. F. M. Rule of Jacksonville will preach at the M. E. church Sunday morning and evening. Dr. Rule has been engaged to conduct services at the M. E. church each Sunday during the summer. Dr. Rule is a man of remarkable ability and the community is fortunate in procuring his services as minister.

Mrs. William Jackson and family of Girard are visiting at the home of Mrs. Jackson's parents, Mr. and Mrs. W. A. McPherson.

Mrs. J. H. Rimbey of Jacksonville and daughter, Mrs. Pearl McGahay, of Stuttgart, Ark., called on relatives here Friday.

Dr. and Mrs. J. W. Weis were visitors in Winchester Wednesday. Dr. Weis attended a medical meeting and Mrs. Weis called on Mrs. Charles Woodall.

Rev. Fred Pack is confined to his home by illness.

Manchester narrowly escaped a serious fire Wednesday, when the interior of the Blakeman Produce house on the south side of the square burned. The fire is supposed to have originated from an oil stove which was left burning while the building was closed during the noon hour. Miss Susie Windson has charge of the produce house and cream station and she had been away from the building only short time when the fire was discovered. It had gained such headway, however, that the interior of the building was badly damaged. A serious fire was prevented only by quick work on the part of the citizens. The building is owned by F. F. Clark and J. M. Heaton, who are making the necessary repairs.

Mrs. Mary Kralis of New Berlin was called to the home of Mr. and Mrs. A. C. Barnes by the illness and death of her aunt, Mrs. Margaret Mock.

### POPULATION RANK OF CITIES CHANGES

Large Number of Changes in Population Rank of United States Cities Will Be Shown by 1920 Census—Akron, Ohio, Shows Most Growth of Larger Cities.

WASHINGTON, May 24.—The population rank of the cities will show a larger number of changes when the statistics of the 1920 census have been completed.

Several cities have moved up into the 100,000 class in which there were 50 municipalities in 1910. Some of the cities of that class, whose 1920 populations have been announced, have outgrown others in the same class, some having less than 100,000 ten years ago have taken rank well up among the country's 50 largest cities.

Akron, Ohio, has shown the most growth among the larger cities. It has passed eight cities having 100,000 or more in 1910, whose 1920 populations have been announced.

The rank of the various cities cannot be determined until statistics for all have been announced. New York, Chicago and Philadelphia, first, second and third cities of the country, will continue to rank in that order, but the rank of other cities is uncertain. From statistics announced some of the changes shown in rank are:

Washington, D. C., passed Newark, N. J., Cincinnati and New Orleans.

Newark, N. J., passed Cincinnati.

Toledo, O., passed Louisville and St. Paul.

Dayton, O., passed Paterson, N. J.

Bridgeport, Conn., passed Paterson, Nashville and Spokane.

Youngstown, O., passed Nashville, Albany and Spokane and a number of cities of 80,000 or more in 1910.

Springfield, Mass., passed Nashville, Albany and Spokane and a number of cities of 90,000 or more in 1910.

Camden, N. J., passed Albany and Spokane.

Nashville, Tenn., and Albany, N. Y., passed Spokane, Wash.

Cities of 100,000 or more population in 1920, which have been announced with their 1910 rank and 1920 population, include:

| City               | Rank | Pop.    |

## FIRST REPUBLICAN MEETING RECALLED

Earliest Recorded Meeting of  
Great Party Was at Ripon,  
Wis., 66 Years Ago—Great Issue  
Then—Was Extension of  
Slavery.

CHICAGO, May 24.—In assembling at Chicago in June the Republican national convention will be sitting in the section where the Republican party was first named and within 200 miles of where the first recorded Republican meeting was held 66 years ago. The approach of the convention recalls this early history, though with the passing of the years and the development of new issues the first years and the development of new issues the first steps of the party have passed from common view.

"It will probably not be possible to trace the earliest date of the formation of the new party," writes Francis Curtis, in his history of the Republican party. "It is quite likely that there was no considerable gathering of men, nor discussion of plans and policies, until Mr. A. E. Bovay, a Whig of Ripon, Wis., together with a Mr. Bowen, a Democrat, and a Mr. Baker, a Free Soiler, issued a call for public meeting to consider the now alarming situation."

The Political Situation.  
The great issue of the hour was the extension of slavery. Of the political situation, preface to the formation of the Republican party, Mr. Curtis says, "No political party was able to elect enough members of congress to overthrow the united will of the slaveholders, and until the anti-slavery sentiment of the north should be so welded together, and its exponents should be so united in one party as to be able to send to Washington enough men to out vote the representatives of the slave power, there was no hope that its advance could be checked."

PILLS**

Reference was made to the Ripon meeting by Henry Wilson, when vice president of the United States, in his book "Rise and Fall of the Slave Power," published in 1874. "One of the earliest, if not the earliest, of the movements," he said, "that contemplated definite action and the formation of a new party was made in Ripon, Wis., in the early months of 1854, in consequence of a very thorough canvass, conference, and general comparison of views inaugurated by A. E. Bovay, a prominent member of the Whig party, among the Whigs, and Democrats of that town. A call was issued for a public meeting to consider the grave issues which were assuming an aspect of such alarming proportions."

Formed on One Issue.  
The meeting thus called, wrote Charles M. Harvey in the Chatauquan, September, 1897, "was held in the Congregational church at Ripon, February 28, 1854. A resolution was adopted in the meeting that if the bill pending in the senate to throw open to slavery the territories of Kansas and Nebraska should pass, the old party organization in Ripon should be cast off, and a new party, to be called the Republican formed on the sole issue of opposition to slavery extension."

"The bill passed the senate, in which body it originated, on March 3, 1854, and on March 20, the second meeting, participated in by men of all parties, was held, this time in a schoolhouse, at which Bovay was the leading spirit. "By a vote of assemblage, the town committees of the Whig and Free Soil parties were dissolved, and a committee of five, three Whigs, one Democrat and one Free Soiler, was chosen to begin the task of forming a new party. "At these two meetings was started the earliest systematic work begun anywhere in the country to bring about the coalition of the enemies of slavery extension, who were eventually fused into a homogeneous and aggressive party, adopting the name Republican."

Mr. Harvey quoted a letter Bovay later wrote to him about this meeting, in which he said:

"I went from house to house, and from shop to shop and halted men on the streets to get their names for the meeting of March 20, 1854. At that time there were not more than a hundred voters in Ripon and by a vast deal of earnest talking I obtained 53 of them. We went into a little meeting, Whigs, Free Soilers, and Democrats. We came out of it Republicans and we were the first Republicans in the union. "I had one great advantage in this work. I was an intimate friend of Horace Greeley's and he would always listen to me on political matters. "He did not always assent to my propositions, but in the end he did to most of them, and he did to this one after a good deal of nagging. It was not one letter that I wrote to him, but many, before he displayed the Republican flag in the Tribune's columns."

Mr. Harvel, in his article quoted in Mr. Curtis' book, concludes: "It is not claimed here that Bovay is the creator of the Republican party. The spirit was active in 1854, in every village and city in the free states, which would have created that party even if Bovay and Greeley had never been born. Bovay, however, was the first person who set out in a resolute, persistent, and practical way to form the party; he was the first to suggest the name, and Greeley, through his paper, which had the largest circulation and influence of any journal in the country at that time, gave his valuable aid in making the party project and name known to the country."

The first national Republican convention was held in Philadelphia two years later.

**MONDAY QUIET IN  
CIRCUIT COURT**  
Appealed Case Heard by Judge Burton Without Jury.

Monday was a comparatively quiet day in the circuit court. No people's cases were heard as the defendant in the case set for the day had previously entered a plea of guilty. Judge Burton heard the case of J. E. Osborne against S. F. Birdsell without a jury. The case was set for trial from a justice court and the judge found in favor of Mr. Osborne and fixed the amount due at \$35.45. Mr. Osborne lives in Manchester and owns a garage there. The suit was the result of some differences over a bill for garage service.

In the suit of Luranah Harris, et al., vs. Marguerite Munger, brought to set aside with, previously made by Katie Parker was withdrawn.

In the partition proceedings of Robert Ross Long, et al., vs. Elvin E. Long, report of commissioners was filed showing the property not susceptible of partition. A decree of sale was entered.

In the matter of Elizabeth Fernandez, et al., ex parte petition, the master's report and conclusions were filed and approved and decree entered.

**DOESN'T NEED ANY  
LAXATIVES NOW**

Mr. Becker says life is a joy, without constipation or stomach trouble.

"I had catarrh of the stomach and head for three years. My stomach was so bad that every time I ate anything sweet, such as fruit or pastry, the burning hot water would run out of my mouth. I took a laxative every night."

"Since taking Milks Emulsion, my bowels move regularly. I have now taken ten bottles and have gained 10½ pounds. All my friends remark how fine I am looking, and it seems a pleasure to live again, without stomach trouble."—Bert Becker, Miami, Ohio.

Physics usually make slaves out of their users, and weaken the bowels instead of correcting them. Stomach trouble in many cases is directly due to constipation.

Driving Ease in a

**MAXWELL**

is Due to Special Steels

Many who drive a Maxwell prefer it to a larger car.

They like its nimbleness, its quickness in getting under way, its peculiar ability to thread its way through traffic, its rare driving ease.

One can drive it farther in a day with less fatigue than many cars much larger.

The reason is clear: its engine pulls no superfluous weight.

Not a single unnecessary pound burdens it.

Special steels in a Maxwell

eliminate the useless weight—steels made to Maxwell's own formulae, which equal pound for pound those in any car built.

They have extra strength forged into them, and they provide lightness.

This is one reason why Maxwell has won public favor the world over as indicated by nearly 400,000 now in use. How marked the tendency today is recorded by a production of 100,000 for 1920.

**Certain-teed  
Is Easy to Lay**

Certain-teed Roofing can be easily laid by anyone who will follow the simple instructions enclosed in every roll.

You don't have to hire experienced roofers. You don't even have to worry about finding skilled workmen. They are mighty hard to get these days.

This fact means two things to you. You save the difference between the wages of skilled and unskilled men. You get your roof laid quickly by men who can be easily obtained.

But Certain-teed Roofing provides far more than a roof that is easily laid. It is guaranteed for five, ten or fifteen years, according to weight. It has never been known to wear out on the roof. It is weather-proof, fire-retarding and spark-proof.

Though there is a shortage of many kinds of roofing, you can always get Certain-teed Smooth-Surfaced Roofing.

See your dealer at once. He either has Certain-teed or can get it quickly from a nearby Certain-teed warehouse.
